

Accolade™

THIXOTROPIC FLOWABLE COMPOSITE

Accolade™

- ◆ Adapts readily, yet does not slump
- ◆ 65% fill for superior wear
- ◆ Superior polish, 0.7u fill
- ◆ Ideal handling, non-sticky
- ◆ True Vita Shade match
- ◆ Fluoride slow release
- ◆ Value priced!

Accolade offers all the highly popular features of StarFlow while resisting slumping. This allows the use of thicker, time saving layers.

Accolade provides superb handling, making it easy to work. True Vita shade match, without color shift assures predictable results.

New Fluorescent fill gives natural appearance under all lighting conditions.

Excellent esthetics make Accolade ideal as a final restorative or as a cavity liner.

Accolade (left) stays put while others (right) run!

Vita shades available:

A-00op, A-0, A-1, A-2, A-3, A-3.5, A-5, B-1, B-2, C-2, C-4, Dentin & Incisal

Porcelain Veneer shades available:

Light, Extra Light, White Opaquer, Translucent, Yellow, & Brown
